

HIGHLAND HILLS SNOW REMOVAL

When there is a small amount of snow, or whenever possible Highland Hills will try to work around our residents vehicles to remove the snow.

There will be days when we must declare a SNOW EMERGENCY and vehicles will need to be moved while we clean up the snow.

HOW WILL WE KNOW IF THERE IS A SNOW EMERGENCY?

Highland Hills will post the Snow Emergency in several ways:

- 1) On our electronic billboard near the main office
- 2) On Facebook
- 3) On Twitter
- 4) Time permitting we will send out notices

*** It is YOUR responsibility to find out if there is a snow emergency and to move your car so while we clear away the snow.*

HOW LONG DOES IT TAKE TO REMOVE THE SNOW?

Clearing the lots of snow is a big, big job. It takes two days to get cars moved and the snow cleared out.

HOW WILL I KNOW WHICH DAY MY LOT IS GETTING CLEARED?

Day 1 snow removal will be the entire south lot (ALL OF THE BRICK BUILDINGS) which includes the A's, B's, C's, D's, E's, F's G's, H's, Studios, 400's, and 600's ~ roughly in that order.

Day 2 snow removal includes everything in the East Lot (across Monks), the Main Office, 21,31,41,141,131,121,111,101,100,110,120,130,140,150,40,30,1320,1330,231,211,185,165,155,175, 201,221,241,251 (roughly in that order)

WHAT TIME DO I HAVE TO MOVE MY CAR?

You will need to move your car by **8am** on your assigned day. You can park back in the lot only after the lot is completely cleared of snow, and the plows have left the area.

WHERE CAN I PARK?

We have limited places to park, but space allowing, you can park in lots which are not being plowed that day (see Day 1 / Day 2 information). Otherwise, you will need to find a place off-site for the few hours while we are clearing the snow in your area.

WHAT HAPPENS IF I CAN'T MOVE MY CAR?

If you do not move your car by the time we are plowing, you will be towed. Towing fees will be the responsibility of the car owner. We STRONGLY suggest that you pay attention to Snow Days and even find someone who can help you move your vehicle if you are not available. Snow happens in Minnesota ~ plan ahead!

DO YOU NEED HELP REMOVING SNOW?

YES!!! We would LOVE your help! We will even PAY YOU! Please contact our maintenance department at: 507-388-9351 ~ THANK YOU!!
